Wish to remind you to review your mail-in ballots and turn them in by

April 1st, 2008

You don't want to have your voice absent from this year's 2008 Santa Clarita Valley City Council. We have had a wonderful 20 years, let's preserve that quality of life and open space initiatives for another 20 years. We dare you to choose two individuals we believe are committed to that challenge. They have vowed to do everything possible that assures our public safety with more police and creating a police station in Canyon Country. Creating medical services in the Newhall and in the Canyon Country areas. There is still time to show your support with phone calls, canvassing, and donations. Visit their web sites for more detail information and commitments:
