

County Committee Chairs Endorse!!!

Dear Fellow Democrat:

We are proud to endorse Alicia Wang for Woman Vice Chair. Alicia is a longtime grassroots Democratic activist who has championed progressive causes and candidates throughout her political career. Alicia has always been there for the rural areas. Alicia supports:

- a CDP headquarters in Fresno
- a "58 County" Strategy
- a Rural Area Investment Fund (RAIF)

As Northern Vice Chair, she has traveled extensively throughout the North and has visited almost every Northern county, from Crescent City to Santa Barbara. Alicia has stood by us and we are standing by her. We urge you to cast your vote for Alicia Wang for Woman Vice Chair.

Sincerely

Justin D. Meyers, Butte Committee chair
Rich Meagher, El Dorado County chair (past)

A REAL GRASSROOTS LEADER

Currently we are at a major turning point in the history of the California Democratic Party. Yes, we have majorities of both houses of the State Assembly and State Senate, the current crisis should be a warning to all of us, that the hardest work is still ahead of us. The state and the country is in a dire financial crisis. We have schools in dire neglect, along with our communities divided. That is why I believe that we must come together as a party and as a state. I believe that together, there is no obstacle, no goal, and certainly no challenge that we can't face. We have shown that we are a party that values the causes of working families, diversity, and the idea that we must invest in the future. I, Alicia has come together with County Committee Chairs throughout the state to come up with programs that will benefit every county and assembly district in California. We need a Vice-Chair who understands that the state is a patchwork quilt of different communities, and who is willing to listen to the many voices and demands of our diverse constituencies. Alicia will work with everyone to make sure that our voices are heard both in Sacramento and in Washington D.C. We need a real grassroots activist as Vice Chair.
