Los Angeles Education Partnership invites you to an evening of conversation with a knowledgeable panel of persons (soon to be revealed!) on the topic of transforming education in Los Angeles.

The discussion is one in a series that celebrates L.A. Education Partnership's 25th year of calling the public's attention to its schools.

The goal of this series is to ensure that our educators, community, schools and parents are aware and understand how to assure Los Angeles is in the competition for its fair share of federal dollars for the benefit of our kids.

More information on this compelling conversation is headed your way.
