Don't know who we are? Santa Clarita Organization for Planning and the Environment is a California Non-profit corporation, founded in 1987 - now celebrating 25 years of service to the Santa CLarita Valley. Our goals are to conserve the environment and protect the quality of life in the SCV through public education and participation in civic activities. We have focused attention of the Santa Clara River, our oak heritage and the Santa Clarita Valley's five Significant Ecological Areas as well as fighting for parks, schools libraries and other infrastructure needs. SCOPE is an all-volunteer organization. We hope you will visit our booth and consider joining in our efforts to make Santa Clarita a safe, healthy and green community.

## And we'll be at the Placerita Open House in May

A fun place to visit anytime, but the Open House is really great! Learn about local wildlife first hand with displays and presentations. Visit booths hosted by local community groups and participate in a treasure hunt!

Want to get a head start on clues for the SCOPE booth hunt questions? Then just take a look at this great [book on the Santa Clara River](#), Los Angeles County's last free-flowing river, and our very own local natural treasure. Find out all about its geography and its endangered plants and animals with this downloadable report.
