

## Join Fellow Constituents in Participating in a Unique Budget-Related Forum

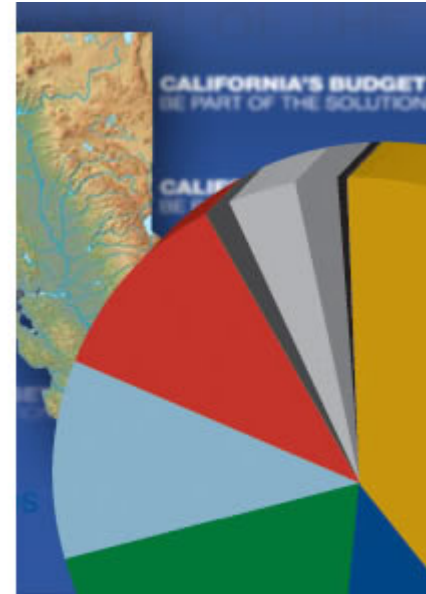

One of my major priorities as Assembly Speaker is to promote a more open and transparent process regarding California's budget. That is why I am extending an invitation to you to participate with Assembly Budget Committee Chair Bob Blumenfield, Speaker pro Tem Fiona Ma and Members of the Assembly Budget Committee in a Los Angeles-area forum on the governor's proposed budget. The decisions that lay ahead will impact our community as well as the entire state, so I want to make sure that you have a real understanding of the choices we face and that I have a strong sense of your priorities.

You are invited to participate in the forum either in person or through the live webcast.

This budget forum has been designed for you: so you will get an opportunity to learn how the state budget is constructed, what, if any flexibility there is in allocating finite state resources and listening to the decisions you would like us to make regarding the Governor's state budget proposals.

This is an unprecedented opportunity for you to be engaged in the state budget process. I hope you will join me in this endeavor! If you are unable to participate on Friday, feel free to check the website for additional forum dates and times.

Sincerely,

Speaker John A. Pérez
