

GASLAND

Friday, June 17, 2011, 7:00 PM

This film documents a cross-country odyssey to find out if the controversial process of hydraulic fracturing - or "fracking" - is actually safe.

A shocking story is unearthed of a practice that is understudied and inadequately regulated. Find out about fracking before it's too late. Discussion following the film.

**Ventura County Democratic Party Headquarters
1760 Ventura Blvd., Camarillo, CA 93010**

Doors open at 6:30 p.m. movie starts at 7:00 p.m.
