

July 21, 2008

CCAC Members and Friends

A Community Workshop is being held **tomorrow** on the
"One Valley One Vision Housing Element".

This element represents an important issue as it
will determine the future housing mix across our valley.

As we discussed at the last CCAC meeting, projects that comply with approved zoning and the OVOV master plan will be approved "by right" and not require prior public notification.

If you are interested in this important subject I urge you to attend tomorrows

Tuesday, July 22, Workshop

The meeting starts at **7:00 PM** at the

**Santa Clarita Community Center,
22421 Market Street in Newhall**

Remember, **together** we can make a difference!

Alan

Alan J. Ferdman
