

MEDICARE: MADE IN AMERICA

Rally and Lobby Day

Thursday, July 30th, 2009 | Washington, DC

1 pm in the Upper Senate Park

Celebrate Medicare's 44th Birthday by showing Congress and President Obama that unions, doctors, nurses, seniors, faith groups, and **Americans of every stripe support national, single-payer healthcare.**

The best way to save this system is to expand it and make it a truly single-payer system by removing the for-profit interests and guaranteeing healthcare as a right for all.

We'll also be celebrating Rep. John Conyers, Jr. (D-MI) and his leadership on improving and expanding Medicare for all (HR 676).
